High School Office – (231) 821-1725 • Athletic Office – (231) 821-1930

November 20, 2020

Dear Holton Community,

On November 20, 2020, we learned about two School Associated Case of COVID-19 in students or staff persons at Holton High School. Cleaning and disinfecting of the exposed location(s) is consistently performed. The positive individuals have not been in school since November 13, 2020 and November 17, 2020 respectively. No close contacts have been identified at school. However, outside of school interactions may not be fully investigated.

Holton Middle and High School and Holton Elementary will be transitioning to remote learning beginning Monday, November 23, 2020. We are working closely with the Public Health - Muskegon County to identify Close Contacts of School Associated Cases of COVID-19. Anyone identified as a Close Contact will be notified by the health department as a part of the COVID-19 investigation process. Please answer the phone if the health department contacts you, as a contact tracer may be trying to reach you with important information. **It is important to understand that Public Health - Muskegon County is overwhelmed and not able to investigate every positive case. If identified as a close contact, please quarantine. This is very important to limiting the spread of COVID-19.**

We recommend taking action to help limit the spread of COVID-19, even if staff members or students are not experiencing symptoms:

- **Wear a mask** (covering mouth and nose) while in public places or if people who do not live with you must visit your home.
- **Practice social distancing** (maintaining a distance of 6 feet apart).
- **Practice frequent handwashing** (using soap for 20 seconds or hand sanitizer with 60% alcohol).
- **Follow capacity restrictions** of social gatherings.
- **Cover coughs and sneezes** with a tissue or with the inside of your elbow and immediately wash your hands.
- **Stay home if you are sick**; you can also get tested.

Thank you for understanding that, due to medical privacy laws, we are not able to release the names of the individuals with COVID-19. We will continue to communicate changes and updates with you. With your participation, we believe we can maintain a safe environment while also providing quality education.

If you have any questions, contact Public Health - Muskegon County at (231) 724-1203. For answers to your COVID-19 questions, please call the Michigan Department of Health and Human Services COVID-19 Hotline at 888-535-6136 or visit [Michigan.gov/coronavirus](https://www.michigan.gov/coronavirus).

Sincerely,

Dr. Adam Bayne  
Superintendent
