## Holton Elementary School Annual Education Report (AER)

August 19, 2011

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2010-2011 educational progress for Holton Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, Adequate Yearly Progress (AYP) and teacher quality. If you have any questions about the AER, please contact Carol Dawson, principal, for assistance.

The AER is available for you to review electronically by visiting the following web site [www.holtonschools.com](http://www.holtonschools.com) or you may review a copy from principal's office at your child's school.

For 2010-2011, Holton Elementary School made Adequate Yearly Progress (AYP) in English Language Arts and Mathematics. While we are pleased to have reached this important goal, we are continuously working to improve. We appreciate the continued support of parents, staff and our community in this effort.

### **School Improvement Plan**

Holton Elementary School is continually striving to improve the quality of education for our students. The Elementary School staff works together as a team to determine goals and objectives for increased student achievement. Focus areas include improving math, literacy skills across the curriculum, using data collection effectively, and encouraging global thinking.

Staff development is encouraged through the continuous ongoing in-services and education provided throughout the year in such areas as differentiated instruction, literacy, data collection, assessments, curriculum, Professional Learning Communities, Responsible Thinking Process, Reader's Workshop, Mentoring, and PEAK Learning.

### **Specialized Schools**

Our district provides educational alternatives, opportunities, and support for students with special needs. Special Education services include self-contained programs, resource programs, early childhood programs, teacher consultant services, speech and language services, school social work services, psychological services, occupational therapy services, and physical therapy services. The Individual Educational Plan (IEP) team meets with students and parents to decide what is educationally best for each identified student. Our district offers a Head Start Program, Great Starts Readiness Program, and Early Childhood Special Education Program.

### **Core Curriculum**

Holton Elementary School has implemented a curriculum plan, which integrates a foundation of academic knowledge with our district's Learner Outcomes. Complete curriculum maps are posted on our website at [www.holtonschools.com](http://www.holtonschools.com). Our students, upon graduation, will demonstrate the necessary skills to be a/an:

- **Life-long Self-directed Learner** by using technology and selecting educational experiences to meet changing personal and work needs.
- **Effective Communicator** by communicating written, visual, non-verbal and spoken languages.
- **Collaborative Contributor** by using effective leadership and/or group skills to develop and manage interpersonal relationships within diverse settings.
- **Goal Setter** by learning how to set achievable goals, to evaluate options to meet goals, and take action to accomplish them.
- **Problem Solver** by learning to anticipate, access, attack and resolve problems and challenges with a systemic process.
- **Involved Citizen** by recognizing roles and responsibilities, contributing time, energy and talents to improving the welfare of self and others and the quality of life in the local and global communities.
- **Complex Thinker** by identifying, accessing, integrating, and using available resources and information to reason, make decisions, and solve complex problems in a variety of situations.

## **Parent Participation**

One of the key factors in providing excellent learning opportunities for students is strong, active parent participation. Holton Elementary School encourages parental involvement and this is evident by their active role in our educational process including, but not limited to, participation in our Parent/Teacher Conferences. Participation in Parent/Teacher Conferences for 2010-2011 was 100% for fall and spring. In 2009-10 there was 100% participation in the fall and 99% in the spring.

Holton Public Schools is rooted in community and reaching for excellence. Our focus is on teaching children. When you are looking for a safe, caring and quality educational opportunity, in a small school environment, look no further than Holton Elementary School. We provide the very finest in Michigan.

Sincerely,  
Carol Dawson, Principal  
Holton Elementary School
